

Myra Savant Harris Canine Reproduction Whelping Puppy Intensive Care Books and DVD

The books are written by Myra Savant Harris RN Neonatal Intensive Care Nurse. Myra holds many seminars each year for dog club groups, National Specialties and Vet groups.

The books take you from selecting the Breeding Pair to Whelping the Puppies. The books will teach and help you with all you need to know about Breeding, Whelping and Puppy care. This book will help you save that puppy that needs help to survive. From Oxygen therapy to dew claw removal it is all in the book. We have been in dogs for better than 30 years and this is some of the best information yet.
